Your benefits with SLG:

- › Personal contact to our experts
- › One-stop testing and certification services
- › Always up to date – our contribution to working groups and standardisation committees
- › We are neutral and independent.

We test toys!

- › Safety of toys according to standard series EN 71
- › EC type tests (Notified Body)
- › Chemical analytics, e. g. tests for PAH and phthalates, analyses according to RoHS, WEEE, check of REACH declarations, tests according to LFGB
- › Documentation checks
- › Safety of electrical toys according to EN 62115
- › Electromagnetic compatibility

We are a notified body for the EU Toy Safety Directive, accredited by the German national accreditation body DAKKS and authorised by ZLS to award the GS mark.

Moreover, we are listed by the American national body CPSC for toy testing according to ASTM standards for the U. S. market.

Our laboratory for toy testing is accredited by DAKKS.
